Can an instructor add learners to their session roster(s)?

Yes! Instructors have the ability to add users to their session rosters. Follow the steps below to learn how to add users to your roster.

**Note:** If a user attends a session without registering first, you must add them to your roster **BEFORE** completing your attendance and submitting your roster. This is to ensure they receive credit on their completed transcript.

1. **View your session Roster.**
2. Once you are on your session roster page, click Add Users.

   ![Add Users button highlighted](image)

3. Result: The **Select User** page will display. Complete the **Last Name and First Name** fields with the learners name. Click Search.

   ![Select User page](image)

4. Result: **Search Results** of users with that name will display as a list. Click the **Plus Symbol** in front of the user name that you are adding to your roster.
