NinerWorks (Grad Assistantships, HR & Academic Affairs Assignments)

NinerWorks provides an electronic means for departments to hire graduate assistants and SHRA temporary staff. ePAF types currently requested in the Banner Self Service ePAF system will move to NinerWorks in phases. Phase 1 includes SHRA temp hourly and salaried assignments and reassignments, and graduate assistantships. NinerWorks will eventually replace the Banner Self Service ePAF system for all ePAF types. NinerWorks was developed by OneIT Enterprise Applications.
