**How do I allow late assignment submissions from students in Gradescope?**

**Tell Me**

1. Check **Allow Late Submissions** to create a student uploaded assignment or programming assignment
2. Set the due date as well as the late due date
   a. If you allow late submissions, students will see both the “due date” as well as the “late due date” for the assignment in their Gradescope dashboard. *(Submitting an assignment)*
   b. If you choose not to allow late submissions, students will only see the due date

---

**Gradescope FAQ site** has resources on [late assignment submissions](https://www.gradescope.com/faq). There are multiple [Gradescope Guides](https://www.gradescope.com/guides) that can provide great resources while learning and using Gradescope.
