How do I find information about my computer like the computer name?

Tell Me

If you contact the IT Service Desk for assistance, you may be asked to provide the computer name or other related information:

<table>
<thead>
<tr>
<th>Windows 10</th>
<th>macOS</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Open the <strong>Start Menu</strong> and select <strong>Settings</strong></td>
<td>1. Open <strong>Self Service</strong>.</td>
</tr>
<tr>
<td><img src="image" alt="Start Menu" /></td>
<td>2. Find <strong>Self Service</strong> in the dock or in your Applications folder.</td>
</tr>
<tr>
<td><img src="image" alt="System" /></td>
<td>3. Look in <strong>All Programs for Computer Information</strong></td>
</tr>
<tr>
<td><img src="image" alt="About" /></td>
<td>4. Click on <strong>Show</strong> to find the computer name.</td>
</tr>
</tbody>
</table>

1. Open the **Start Menu** and select **Settings**
2. Click on the **System** option
3. Go to the **About** option on the left menu
4. The computer name is listed as **Device Name** under **Device specifications**
5. The Windows Operating system is listed under **Edition**
6. The version number is listed under **Version**
